

Radheshyam Cottex

Ginning & Pressing Unit

ABOUT THE COMPANY

Radheshyam Cottex, established in the **year 2017**, by the Chanv Brothers, is one of the leading manufacturers and suppliers of cotton bales in India. Starting as a small company, we have grown significantly, now boasting a production capacity of **1000 bales per day** and garnering a strong reputation in the cotton industry. Additionally, we serve as exporters, stockists, and distributors of cotton bales throughout India.

The Radheshyam Cottex Group is equipped with **state-of-the-art technology** and **production facilities**, including 68 DR machines and extensive storage space. Within our facilities, we have dedicated units for the production process. Our vision to expand significantly is supported by a full-size warehouse for the storage of cotton seeds and bales, as well as ample space for raw cotton placement.

With a workforce of more than **170 individuals**, 150 of whom are women, we work with a singular focus to achieve perfection at our premises. We conduct quality checks for seed cotton, meticulously removing various contaminants such as human hair, P.P., feather threads, etc. Our aim is to deliver the best results, striving for **100% excellence**.

MISSION

We aim to manufacture with appropriate consideration for quality, safety, and conservation in an eco-friendly manner. Furthermore, we strive to continue diversifying and growing by addressing new products and markets.

VISION

Our vision is to emerge as a premier manufacturer renowned for delivering high-quality products at competitive prices. We prioritize investment in cutting-edge facilities to ensure consistent growth and lasting success, while continuously generating value for our stakeholders.

CURE VALUES

TREE PLANTATION INITIATIVES

We are committed to protecting the environment and preserving the natural resources of the communities where we operate. As part of our CSR initiative, we have planted a significant number of trees. A considerable number of trees have been adopted by farmers who have signed an oath to protect and safeguard the trees. The remaining trees have been planted near certain places like temples, schools, and crematoriums.
